

A Scheme of Work for the New Computing Curriculum

WOKINGHAM
BOROUGH COUNCIL

'ICT in Schools' Team

Phase: Primary

Target Audience: This course is for Primary ICT/Computing Subject Leaders, SMT and Teachers with a responsibility for computing curriculum

Course Description: The course leads the delegates through essential knowledge of the computing curriculum, the new Wokingham schemes of work and models a range of activities that can be taken and used in school, so the schemes are used effectively.

We will also share a range of other national and Wokingham created materials. Schools who attend the course will be licensed to use the Wokingham scheme within their school and the charge for this is included in the cost of the course.

To find out more about the Wokingham schemes of work, click on the link below :

<http://wsh.wokingham.gov.uk/learning-and-teaching/ict-e-safety/wokingham-primary-computing-schemes-of-work/>

Course Outcomes:

Delegates will:

- Understand the changes in the new curriculum and how the new schemes of work have evolved to embrace them.
- Understand the structure and explore the implementation of an effective scheme of work for computing
- Understand how the schemes can be developed and personalised by your school to meet the needs of your pupils and your wider school curriculum
- Be aware of the further resources, support and guidance available and materials that can be used in schools
