

## Technology Teachers Network - Focus on Literacy

4.00-5.30, 1st May 2012, Bulmershe School  
Woodland Avenue, Woodley, RG53EU

### The Programme:

- Introduction to teaching language and literacy through technology
- Discussion of strategies.
- Working with texts in technology
- Instruction texts
- Reading and writing to describe and analyse at GCSE: deconstructing the text; reconstructing the text in preparation for writing.
- Development work in groups
- Action planning.

Helen Marriott and Eve Goldman  
George Mitchell School, Leyton, Waltham Forest, London

*The aim of this session is to develop teachers' understanding of the role of language and literacy in technology, the language demands of tasks, and strategies to explicitly teach and support students with the literacy skills required. It is being delivered by technology teachers from a school which has been recommended for its outstanding practice in literacy in Technology and reflects the new emphasis on literacy by Ofsted and the new standards for teaching which require all teachers to promote literacy.*
