ABOUT US

EXPERIENCE
THE
ADVENTURE

ADVENTURE HAS THE POWER TO TRANSFORM.

At Dinton Activity Centre, we invite young people to step out of the classroom and into the great outdoors, where confidence grows, friendships strengthen, and learning comes alive.

Set against the beautiful backdrop of Dinton Pastures Country Park, our modern activity hub is designed to inspire schools, colleges, and youth groups alike. Whether paddling across open water, scaling our climbing tower, or mastering bushcraft in the woods, every experience is tailored to spark curiosity, teamwork, and resilience. With nationally accredited instructors, high-quality equipment, and a proven track record of safety, you can relax knowing your group is in expert hands.

SCHOOL GROUPS

EXPERIENCE
THE
ADVENTURE

For primary schools, our activity days and residential trips are bursting with opportunities to explore, discover, and learn. From water sports to survival skills, every session is packed with adventure that supports the curriculum while giving pupils memories they'll never forget. Even special milestones, like Year 6 leavers' celebrations become extraordinary events when celebrated the Dinton way.

Secondary schools find that outdoor challenges build vital skills for life beyond the classroom. Our tailored programmes support induction days, GCSE and BTEC enrichment, and Duke of Edinburgh preparation. Students gain more than just physical skills, they learn leadership, resilience, and communication, all while having fun in the fresh air. And for those marking the end of their school journey, our leavers' events provide the perfect blend of excitement and celebration.

Colleges benefit from our range of accredited activities and bespoke programmes, from team-building experiences to skills development. Whether it's supporting Sport & Leisure or Public Services courses, or simply giving students a break from the lecture hall, we create opportunities for growth that extend far beyond coursework. Paddling awards, safety training, and sailing qualifications can even give learners a head start in outdoor careers, while every challenge builds confidence, teamwork, and leadership.

Youth groups, from scouts and cadets to sports clubs and community organisations thrive at Dinton. We design sessions around your goals, from earning badges to trying new activities together. Our expert instructors bring decades of combined experience, creating a safe and supportive environment where young people can push boundaries, discover hidden strengths, and share unforgettable moments.

LEARN THROUGH NATURE

EXPERIENCE
THE
ADVENTURE

Dinton Activity Centre isn't just about adventure it's about helping young people connect with the natural world. Surrounded by lakes, meadows, and woodlands, our programmes inspire curiosity while encouraging responsibility for the environment.

Schools can choose from a range of instructor-led activities, including pond dipping, meadow and woodland habitat studies, river investigations, and wilderness survival skills. These sessions bring science and geography to life, giving pupils the chance to explore ecosystems up close.

For groups looking to keep costs down, we also offer self-guided nature sessions. With our maps, workbooks, and resources, teachers and leaders can run their own sessions at a pace that suits their group ideal for budget-friendly outdoor learning that's still rich in discovery.

Whether led by our expert instructors or guided by you, every activity helps students build environmental awareness, understand ecosystems, and develop a lifelong respect for the natural world. No lesson planning is required: all sessions are tailored towards the Key Stage 1 and 2 National Curriculum syllabus and include work booklets to take back to school.

WHY US?

Our philosophy at Dinton Activity Centre is to offer a variety of activities that are both educational and fun for all ages. We strive to create an environment where everyone feels welcome and can participate in activities that are tailored to their interests and abilities. We believe in fostering a sense of community and encourage everyone to explore and learn new skills. We strive to provide a safe and friendly atmosphere with positive and helpful staff to ensure that all participants have an enjoyable experience.
